

WHO SHOULD TAKE THE LEAD?

Steering Group need to be transparent

Who will co-ordinate the Framework work

Who should be represented?

Community-led

Criteria for choosing people

What else?

need people with connections

regional models

need seed money

Recycling Scotland

not just CCF funded or climate groups

existing models

New body – or piggyback on existing one?

Needs new group

identity of its own

admin support from existing groups

Task forces for individual issues?

Where would the oversight sit?

Theme-based?

waste

food

transport

energy

Value of intellectual capital

What would be the status of a new body and the people on it?

All groups could nominate

refresh regularly

annual gathering

rep to speak on behalf of all

mechanism to get community voice

body to represent existing bodies

Set up phase / running phase

Climate change in its broadest sense
